

Man3000

Guest Management System

Product Introduction

Man3000 *Guest* Management Software offers an ideal solution for Small Establishments

The screenshot displays two windows from the Man3000 software. The top window, titled 'Man3000 - Telephone Information System', shows a menu on the left with options like 'Extension Summary Report', 'Department Summary / Detail Report', and 'Exchange Summary Report'. The main area contains a table of call records.
